CLEANING YOUR G3

It is recommended you clean your G3 regularly

1. With screw driver provided, place in between blades. Pull blade ring upwards.

2. Clean blade by rubbing with a small amount of cleaning alcohol or coconut oil using a cotton bud.

4. Clean all sides of the push block with cotton bud and cleaning alcohol or coconut oil.

*5. Use brush to clean any loose materials.
*1x Brush included with unit. Additional brushes available for sale separately

6. Trigger and push block mech can be removed by unscrewing the 2 screws beside the door hinge. Making it easy to do a deep clean. Video of this cleaning process can be found at chewyg3.com

If G3 is not cleaned this may void your WARRANTY Please clean your G3 regularly to achieve optimum results. Further cleaning info can be found on chewyg3.com

SAFETY

Please follow these instructions

- Keep fingers away from blade
- Do not modify or disassemble
- Do not expose to very high or low temp
- Do not leave near open flames
- Do not submerge underwater
- Do not insert anything into the funnel when on
- Do not grind anything illegal
- Do not overload the chamber
- Do not use harmful cleaners when cleaning
- Keep out of reach of children

WARRANTY

G3 comes with 12 months limited warranty from date of purchase. 420 Tech warrants against defects in workmanship and materials, which occur during normal working of the G3. The limited warranty does not apply to normal degradation of the batteries or if safety and cleaning instructions are not adhered to.
